31st August 2009

Dear Parents,

In response to the recent tragic events the staff will continue to work to keep our school a happy and safe place and to get back to normal routine. We will also ensure that existing support programs for student, parents and staff remain in place. These include:

- Counselling support for students and staff in designated areas.
- Parents are advised that they can access services provided by North Coast Health on 1300369968.
- Key personnel will support students in the playground including Police Liaison Officers and Simon Allery our 2008 SRE teacher who has volunteered to come to our school for the next few days.
- The SRC will provide BBQ lunches for the rest of the week.
- The movement of students to and from the buses will be supervised with extra executive staff and with the assistance of the Police.

Be assured that we have the care, safety and welfare of your child as our highest priority.

Ian Graham
Principal

To the Mullumbimby High School community.

I would like to extend my sincere condolences to Jai's family and the entire school community.

I know that your school is working closely with the Education Department and that everyone is doing everything they can to support you all during this difficult time. The government will continue to provide any assistance required. I know this is a tough time for you all, and I wish you all the best in getting through it together.

Verity Firth
NSW Minister for Education and Training
